The Gorgeous Kenshō Boutique Hotel & Suites

Located at Ornos in Mykonos Island

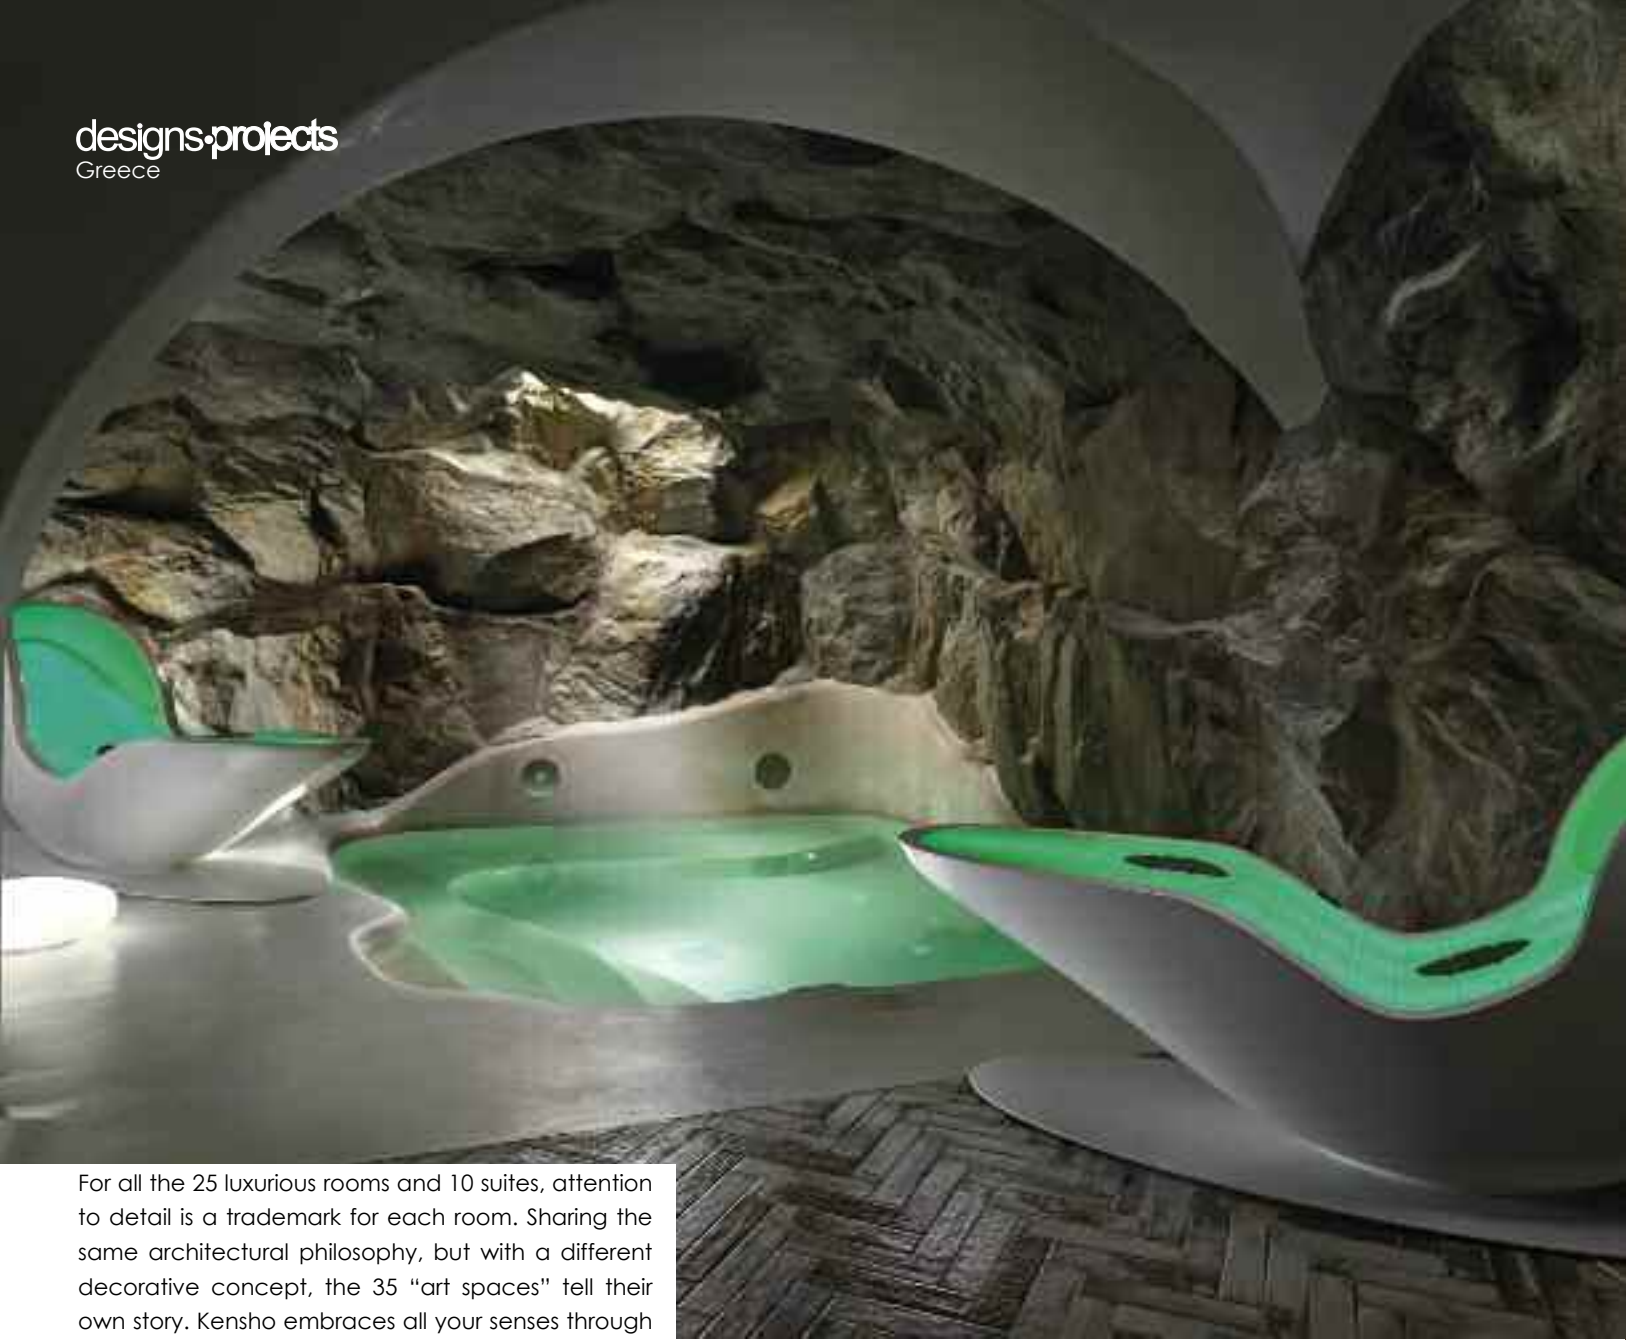

Kensho Boutique Hotel & Suites is a brand new boutique hotel, which opened its doors in June 2016. It is located at Ornos in Mykonos Island, Greece. Kensho is a unique "design hotel" which combines in an innovative way the Mykonian tradition with the natural wealth of the island through minimalistic and elegant approach.

The "hidden treasure" bedecked with unique works of art by world-renowned designers, such as Kenneth Cobonpue, Paola Navone, Paola Urquiola, Riva 1920, along with the high-quality services, create a unique experience for the visitor. The natural stone with the aged wood blends smoothly with the Aegean architecture, recalling memories of tradition.

For all the 25 luxurious rooms and 10 suites, attention to detail is a trademark for each room. Sharing the same architectural philosophy, but with a different decorative concept, the 35 “art spaces” tell their own story. Kensho embraces all your senses through a complete awakening experience from the moment of your arrival. Guests can enjoy an exceptional gastronomic experience at Kensho Fine Dining Restaurant located at the roof garden, overlooking Ornos Bay.

The music and signature cocktails at Kensho Bar come to conclude a beautiful evening. Guests can experience moments of rejuvenation and well being at the Kensho Spa area. For absolute relaxation the spa area offers Jacuzzi, Hammam, a variety of massage treatments and spa rituals to choose from, and a fitness area with the latest gym equipment.
